Audit Support

PHMSA & State Agency
49 CFR 192 (Subpart N) 195 (Subpart G)

Process Overview

Initial Assessment

Identification of Regulatory requirements and Scope to the organization.

Pre-Audit Preparation

Identify key stakeholders involved in OQ compliance and outline client's existing documentation, procedures, and practices to identify potential gaps.

Regulatory Compliance Review

Thoroughly review the client's operations against PHMSA and State regulatory requirements, ensuring that all aspects of the Operator Qualification program align with current standards. Collaborate to gather necessary documentation, ensuring that all records are organized and readily accessible for the upcoming audit.

Audit Simulation

Conduct simulated audits to prepare the client's team for the actual PHMSA/State Agency audit, providing an opportunity to practice responses and refine procedures.

On-Site Support

Provide guidance and expertise to address any issues or questions that may arise during the inspection; as applicable. Assist the client in real-time with organizing and presenting documentation to auditors, ensuring a smooth and efficient audit process.
